Institutional Providers Submitting Taxonomy Codes to Identify Subparts – UPDATE: Medicare is Using Alternative Data to Obtain NPI/OSCAR Match

On January 1, 2007, Medicare implemented change request (CR) 5243, which required the submission of taxonomy codes all claims submitted by institutional Medicare providers who submit claims for their primary facility and its subparts (such as psychiatric unit, rehabilitation unit, etc.).

The intent of CR 5243 was to enable Medicare to appropriately crosswalk a provider NPI to each of the provider's subparts through the reporting of taxonomy codes in the claims. Medicare has found that using taxonomy codes has been unsuccessful in obtaining a one-to-one match on the crosswalk for those providers having one NPI tied to multiple OSCAR/Certification numbers. As a result, the taxonomy code is no longer used as part of the crosswalk criteria that are used to attempt to match an NPI with an OSCAR/Certification Number. Currently, the fiscal intermediary shared system (FISS) uses these matching criteria to obtain a one-to-one match between an institutional Medicare provider's NPI and its OSCAR/Certification Number:

- **First level of match: Type of bill (TOB) to OSCAR/Certification Number**
If the system is unable to identify a valid match, the search will continue with the next level of match.
- **Second level of match: Revenue code to OSCAR/Certification Number**
If the system is unable to identify a valid match, the search will continue with the next level of match.
- **Third and final level of match: Facility ZIP code on the claim** This final level prompts the systems logic to limit the list of appropriate OSCAR numbers by matching the facility ZIP code on the claim against the ZIP code of the master address in the FISS provider address file.

Note: If the system is unable to make a valid match, the claim will suspend with reason code 32105, and the provider will receive an additional development letter (ADR) requesting the OSCAR number.

Action Required by Institutional Providers with Subparts

Providers are strongly encouraged to enumerate their subparts. The following documents may assist providers in answering additional questions on this subject.

- CMS Medicare Subpart Expectations paper may be accessed on the CMS Web site at <http://www.cms.hhs.gov/NationalProvIdentStand/Downloads/Medsubparts01252006.pdf>
- Read NPI Fact Sheet titled "For Health Care Providers Who are Organizations" at http://www.cms.hhs.gov/NationalProvIdentStand/Downloads/NPI_FactSheet_Org_Provi_web_07-03-07.pdf
- Review the article titled "Information Regarding National Plan and Provider Enumeration System Errors, Using the NPI on Medicare Claims and 835 Remittance Advice Changes" available in the August 2007 Medicare A Bulletin at http://www.floridamedicare.com/Part_A/Medicare_A_Bulletins/Archive/110043.pdf

- Review Special Edition article
<http://www.cms.hhs.gov/MLNMattersArticles/downloads/SE0608.pdf>
- National Plan and Provider Enumeration System (NPPES)
<https://nppes.cms.hhs.gov/NPPES>.

Encourage Clearinghouses to Allow Testing of NPI-Only

It has come to CMS' attention that some clearinghouses may not allow important NPI-only testing prior to May 23rd. CMS encourages Medicare providers to work with their clearinghouses to allow use of the NPI-only to facilitate this testing. If you do not test, you will not be aware, in advance, of any problems that could prohibit Medicare from processing and paying claims.

Registration Available for NPI Roundtable

CMS subject matter experts will be available to address questions from the provider community on **April 17, 2008 from 2-3:30PM ET**. Participants are able to submit questions using the online registration system for this call. To register, visit http://www.cms.hhs.gov/NationalProvIdentStand/Downloads/listserv_wording_4-10-08_call.pdf on the CMS website.

Need More Information?

Still not sure what an NPI is and how you can get it, share it and use it? As always, more information and education on the NPI can be found through the CMS NPI page www.cms.hhs.gov/NationalProvIdentStand on the CMS website. Providers can apply for an NPI online at <https://nppes.cms.hhs.gov> or can call the NPI enumerator to request a paper application at 1-800-465-3203. Having trouble viewing any of the URLs in this message? If so, try to cut and paste any URL in this message into your web browser to view the intended information.

Note: All current and past CMS NPI communications are available by clicking "CMS Communications" in the left column of the www.cms.hhs.gov/NationalProvIdentStand CMS webpage.
