ASHRM 2017 Meeting in Seattle, WA

October 15th-18th

Illinois Society of Healthcare Risk Management

Affiliated with the Illinois Hospital Association and American Society for Healthcare Risk Management

Agenda

Networking | Board Dinner

Granite City

Thursday, June 1st

Dinner: 6:00 pm

Please note: The cost of the networking dinner is at your expense. Click on the link to view the [Menu](#).

Objectives

- Understand the background, process and sustainability of enterprise risk management strategies.
- Identify changes in the law applicable to healthcare facilities.
- Explain the structure and formatting of a Leadership Safety Huddle and identify internal metrics to measure the Culture of Safety.
- Describe approaches for generational characteristic-based communication and discuss the impact of generational characteristics on claims and litigation.
- Understand strategies to defend against the Reptile Theory in written discovery and deposition testimony of nurses, physician employees and defendants.
- Explain the pros and cons of producing audit logs during discovery and why they are significant at trial and settlement discussions.
